- F** Monitor (**drummer**): *vocals, bass, guitar, kick*
- G** Mono DI (vocals)
- H** Stereo DI (drumpad)

Socket x6 (singer)  
Socket x1 (drummer)

## To mixer

- Out 1** Bass amp
- Out 2** Guitar amp
- Out 3** Vocal mono DI
- Out 4+5** Drumpad stereo DI

## Comments

- **Samples from drumpad at the same volume as the other instruments!**
- Guitar / bass amp as clean as possible.
- The singer uses an overdrive pedal for vocals, this can cause feedback so will have to be soundchecked briefly.
- The singer brings his own microphone.
- In general, the drummer brings his own cymbals. Snare can be brought if agreed upon beforehand, and/or entire drumkit if there are no other options available.
- Guitar amp can be brought if there are no other options available.
